- **Problem Statement ID:** PS-10
- **Problem Statement Title:** Smart Student
Accommodation & Local Opportunity
Discovery Platform
- **Theme:** Open Innovation
- **Category:** Software
- **Idea Title:** MyStudentSathi – One Platform for
Student Living
- **Team Name / Team ID:** (ResolveX)

Title: MyStudentSathi – One App, Every Student Need

Students shifting to a new city waste days searching for **PGs, hostels, rooms, mess, coaching and part-time opportunities** because information is scattered across brokers, WhatsApp groups and social media. Our platform solves this by providing a verified, location-based digital ecosystem where students discover everything around their college from one application.

Key Features

- College & location based smart search
- Verified PG, hostel & room listings
- Budget, distance & amenities filters
- Compare properties side-by-side
- Wishlist & instant owner contact
- Nearby internships, coaching & student services
- AI assistant for personalized recommendations

Technology Stack

 **Frontend:** React.js + Tailwind CSS

 **Backend :** Node.js + Express.js

 **Database :** MongoDB

 **Maps & Location :** Google Maps API

 **Authentication :** JWT + OTP Login

AI Module : Recommendation Engine

Innovation: Unlike traditional listing platforms, MyStudentSathi combines accommodation + local opportunities + AI guidance inside one student ecosystem.

How It Works: Student Journey

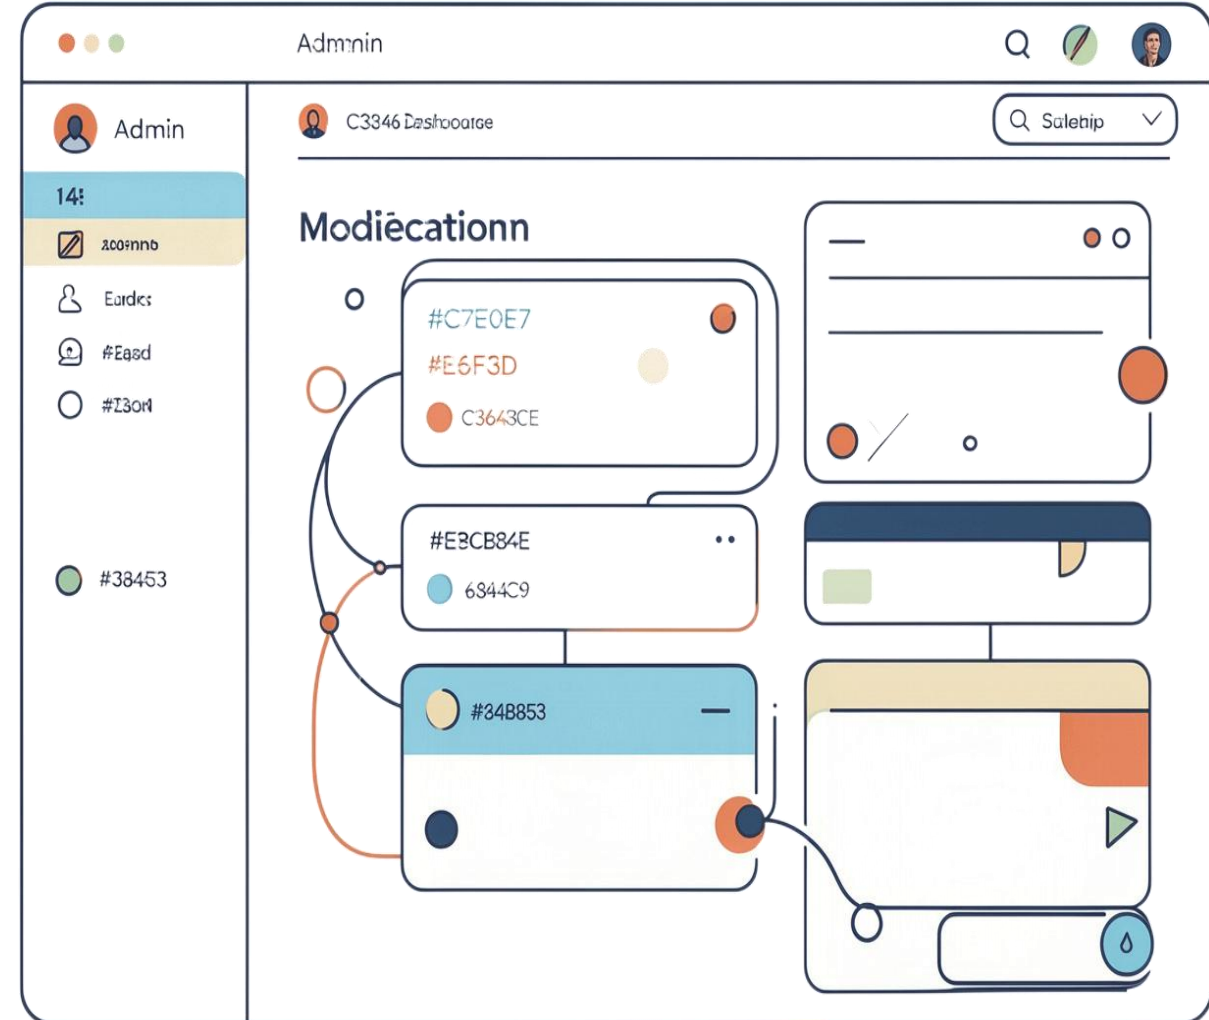

Why This Solution is Practical

Challenge	Our Strategy
Fake Listings	KYC + Admin Verification
High Brokerage	Direct Owner Contact
Wrong Location	GPS + College Mapping
Trust Issue	Student Review & Rating
Outdated Data	Owner Dashboard Updates

Revenue Model

- Premium listing for property owners
- Featured accommodation promotion
- Local business advertisements
- College partnership services

Expected Impact

Faster Discovery

Students find rooms within minutes instead of days.

Zero Brokerage

Direct communication reduces unnecessary broker charges.

Location Intelligence

Search based on college, distance and nearby facilities.

Local Opportunities

Discover internships, coaching, shops and student services.

Expected Users

100+

Students

50+

Verified PGs

10+

College

Research Foundation

Our solution is inspired by the growing need for verified student housing platforms, digital hostel management systems, and location-based recommendation technology. Existing platforms provide accommodation, but they generally do not integrate local student opportunities into one ecosystem.
